- 10.2 Notwithstanding Section 10.1. above, Confidential Information does not include information that;
- (a) is or becomes generally available to the public without breach of any obligation owed to the Disclosing Party;
 - (b) was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party;

- 10.4 The Receiving Party may access or disclose Confidential Information of the Disclosing Party if it is required by law, provided, however, that the Receiving Party gives the Disclosing Party prior notice of the compelled access or disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party’s cost, if the Disclosing Party wishes to contest the access or disclosure.

- 10.5 If the Receiving Party is compelled by law to access or disclose the Disclosing Party's Confidential Information, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing access to such Confidential Information as well as the reasonable cost for any support provided in connection with the Disclosing Party seeking a protective order or confidential treatment for the Confidential Information to be produced.

Our liability towards you under the Service Terms is limited to what you have paid for the Services during the last 12 months.

- 12.1 In no event shall our, our sub-contractors' or the Volvo Group's aggregate liability, arising out of or related to the Service Terms, whether in contract, tort, or otherwise, exceed the total amounts actually paid by you to us under the Service Terms for the specific Service(s) giving rise to the liability during the twelve (12) months immediately preceding the event giving rise to such liability.
- 12.2 In no event will either the Customer or Volvo Group have any liability to the other party or to any Invited Users for any lost profits or revenues or for any indirect, special, incidental, consequential, cover or punitive damages however caused, and whether or not the party has been advised of the possibility of such damages.
- 12.3 We will not be liable in any way for any damage incurred by you, other customers or Invited Users, resulting from actions taken by, or omitted by you as a Customer.

- 12.4 The limitations under this Section 12.1 apply with respect to all legal theories, whether in contract, tort or otherwise, and to the extent permitted by law. The provisions of this Section 12.1 allocate the risks under the Service Terms between the parties, and the parties have relied on these limitations in determining whether to enter into the Service Terms and the pricing for the Services.

13. Indemnification

Either party will defend against a third-party claim in case of infringement.

- 13.1 We will defend you from and against any and all third-party claims actions, suits, proceedings, and demands alleging that the use of the Services, as permitted under the Service Terms, infringes or misappropriates a third-party's intellectual property rights (a "**Third-Party Claim**"), and will indemnify you for all reasonable attorney's fees incurred and damages and other costs finally awarded against you in connection with or as a result of, and for amounts paid by you under a settlement we approve of in connection with, a Third-Party Claim provided, however, that we will have no liability if a Third-Party Claim arises from;

You must provide us with prompt written notice of any Third-Party Claim and allow us the right to assume the exclusive defense and control, and cooperate with any reasonable requests assisting our defense and settlement of such matter. This Section 13.1 states our sole liability with respect to, and your exclusive remedy against us and the Volvo Group for any Third-Party Claim.

- 13.2 You will defend us and Volvo Group from and against any and all third-party claims, actions, suits, proceedings, and demands arising from or related to your or any of your Invited Users' violation of the Service Terms or the Acceptable Use Policy for the Services, or your violation of any third-party's intellectual property rights (a "**Third-Party Claim Against Volvo Group**"), and will indemnify us for all reasonable attorney's fees incurred and damages and other costs finally awarded against us in connection with or as a result of, and for amounts paid by us under a settlement you approve of in connection with, a Third-Party Claim Against Volvo Group. We must provide you with prompt written notice of any Third-Party Claim Against Volvo Group and allow you the right to assume the exclusive defense and control and cooperate with any reasonable requests assisting your defense and settlement of such matter.

- 13.3 Notwithstanding anything contained in Sections 13.1-13.2 above;

(a) an indemnified party will always be free to choose its own counsel if it pays for the cost of such counsel; and,

- (b) no settlement may be entered into by an indemnifying party, without the express written consent of the indemnified party (such consent not to be unreasonably withheld), if; (i) the third party asserting the claim is a government agency, (ii) the settlement arguably involves the making of admissions by the indemnified party, (iii) the settlement does not include a full release of liability for the indemnified party, or (iv) the settlement includes terms other than a full release of liability for the indemnified party and the payment of money.

14. Survival

Although the Service Terms can be terminated, some rights and obligations will survive such termination.

The following sections shall survive any termination or expiration of the Service Terms: Section 8 (You keep what is yours), Section 11 (Term and termination), Section 12 (Limitations of liability), Section 13 (Indemnifications), Section 14 (Survival), as well as Section 15.6-0 under General provisions (Waiver, Severability, Assignment and Entire agreement) and Section 16 (Governing law and dispute resolution).

15. General provisions

Here are some more important details about the Service Terms.

- 15.1 **Publicity.** A party shall not be entitled to use the other party's company name, trademark or logo as a reference for marketing or promotional purposes in public or private communication with existing or potential customers, without such party's prior written approval.
- 15.2 **Force majeure.** If and to the extent that either party's performance of its obligations under the Service Terms is impeded or made unreasonably onerous by circumstances beyond its reasonable control, including, but not limited to, general labor disputes, war, fire, lightning, flood, pandemics, epidemics, quarantine, virus outbreaks, acts of terrorism, amendments to regulations issued by governmental authorities, intervention by governmental authorities, such party shall be released from liability in damages for delay in performing or failure to perform such obligations. The party wishing to claim relief by reason of any such circumstance as referred to in this Section 15.2, shall without undue delay notify the other party in writing. If such notice is not provided without undue delay the right to rely on such circumstance is lost. If performance is materially prevented for more than three (3) months as a result of any of such circumstances, the party not affected by force majeure shall be entitled to immediately terminate the Service Terms by notice in writing.
- 15.3 **No partnerships nor third-party beneficiaries.** The parties are independent contractors. The Service Terms do not create a partnership, franchise, joint

venture, agency or employment relationship between the parties. There are no third-party beneficiaries to the Service Terms.

15.4 **Messages.** Except as otherwise set forth herein, all notices under the Service Terms will be by email, although we may instead choose to provide notice to the Customer through the Services the Customer use (e.g., through a notification). Notices to us will be sent to support@logivity.com. Notices will be deemed to have been duly given;

(b) the same day, in the case of notices through the Services.

The Customer will keep its billing and contact information current at all times by notifying us of any changes.

15.5 **Modifications.** As the Services evolves, we may change the Service Terms and/or the other terms and conditions of the Service Terms and/or features of the Services. If we intend to make a material change to the Services or the Service Terms, we will provide you with reasonable notice prior to the change taking effect, either by emailing the email address associated with your account or by messaging you through the Services. The materially revised Service Terms will become effective on the date set forth in our notice, and all other changes will become effective upon posting of the change. If you (or any Invited User) accesses or uses the Services after the effective date of such revisions, that use will constitute your acceptance of any revised terms and conditions. You can review the most current version of the Service Terms at any time by visiting www.logivity.com/legal.

15.6 **Waiver.** No failure or delay by either party in exercising any right under the Service Terms will constitute a waiver of that right. No waiver under the Service Terms will be effective unless made in writing and signed by an authorized representative of the party being deemed to have granted the waiver.

15.7 **Severability.** The Service Terms will be enforced to the fullest extent permitted under applicable law. If any provision of the Service Terms is held by a court of competent jurisdiction to be contrary to law, the provision will be modified by the court and interpreted so as best to accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of the Service Terms will remain in effect.

15.8 **Assignment.** Notwithstanding our possibilities to assign our rights and obligations to any affiliate within the Volvo Group, neither party may assign or delegate any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld). Any purported assignment in violation of this Section is void. A party's sole remedy for any purported assignment by the other party in breach of this Section 15.8 will be, at the non-assigning party's election, termination of the Service Terms upon written notice to the assigning party. Subject to the foregoing,

the Service Terms will bind and inure to the benefit of the parties, their respective successors and permitted assigns.

15.9 **Entire Agreement.** The Service Terms constitutes the entire agreement between the parties and supersedes all prior and contemporaneous agreements, proposals or representations, written or oral, concerning its subject matter. To the extent of any conflict or inconsistency between the provisions in the Service Terms and any other documents or pages referenced in the Service Terms, the following order of precedence will apply:

(1) The Service Terms, (including its annexes).

(2) The terms in the Documentation.

(3) Any other documents or pages referenced in the Service Terms.

15.10 Notwithstanding any language to the contrary therein, no terms or conditions stated in a Customer purchase order, vendor on boarding process or web portal, or any other Customer order documentation will be incorporated into or form any part of the Service Terms, and all such terms or conditions will be null and void.

16. **Governing law and dispute resolution**

In the unlikely event the parties end up in a legal dispute, we both agree to resolve it by arbitration using Swedish law.

16.1 The Service Terms (including Section 16.2 of these General Terms and Conditions) and any non-contractual obligations arising out of or in connection with it shall be governed by and construed in accordance with the laws of Sweden, excluding its conflict of laws principles providing for the application of the laws of any other jurisdiction.

16.2 Any dispute, controversy or claim arising out of, or in connection with, the Service Terms, or the breach, termination or invalidity thereof, or any non-contractual obligations arising out of or in connection with the Service Terms, shall be finally settled by arbitration administered by the Arbitration Institute of the Stockholm Chamber of Commerce. The Rules for Expedited Arbitrations of the Arbitration Institute of the Stockholm Chamber of Commerce shall apply, unless the institute – taking into account the complexity of the case, the amount in dispute and other circumstances – determines, in its discretion, that the Arbitration Rules of the Arbitration Institute of the Stockholm Chamber of Commerce shall apply. In the latter case, the institute shall also decide whether the arbitral tribunal shall be composed of one or three arbitrators. All arbitrators shall be appointed by the institute. The seat of arbitration shall be Stockholm, Sweden. The language of the arbitration shall be English (unless otherwise agreed by the disputing parties).

16.3 All arbitral proceedings conducted pursuant to Section 16.2, all information disclosed and all documents submitted or issued by or on behalf of any of the disputing parties or the arbitrators in any such proceedings as well as all decisions and

awards made or declared in the course of any such proceedings shall be kept strictly confidential and may not be used for any other purpose than these proceedings or the enforcement of any such decision or award nor be disclosed to any third-party without the prior written consent of the party to which the information relates or, as regards to a decision or award, the prior written consent of all the other disputing parties.

3. Your obligations

You will act in good faith and in both party's best interest.

- 3.1 In case you wish to report downtime or an Issue, you shall do so and as far as reasonably possible provide all details that we need to identify and rectify the causes of the downtime. You shall verify whether there is any fault on your part that is causing the downtime (e.g. missing internet connection or other technical errors), before you notify us in accordance with the above.
- 3.2 In addition to the above, you are obliged to in good faith provide us with any information reasonably requested by us, that is necessary in order for us to fulfil our obligations subject to this SLA (and to provide the Services), including, without limitation, information regarding:

- 4.2 Actual performance against the availability service level described above shall be calculated in accordance with the following formula:

- Actual performance = ((Number of minutes during in which each and respective service is available during the applicable Measurement Period) / (The total number of minutes during the applicable Measurement Period minus: (i) Scheduled Downtime; and (ii) Permitted Exceptions (as defined below); and (iii) Emergency Maintenance)) * 100.

- 4.3 If a Measurement Period is less than a complete calendar month, actual performance against the availability shall be measured pro rata to the number of minutes in the applicable Measurement Period.
- 4.4 We may perform Emergency Maintenance without prior notice. All Emergency Maintenance activities shall be excluded from calculations of availability as described in this SLA.
- 4.5 Calculations of performance against the availability service level, shall also exclude “**Permitted Exceptions**”, which includes unavailability and/or downtime of the Services caused (directly or indirectly) due to:

- 4.6 For the purpose of clarity and in addition to the above, downtime of the Services during Scheduled Downtime or any downtime that you have agreed to, shall not be regarded as downtime when calculating availability. Scheduled Downtime shall be scheduled and conducted to cause minimum interruption and effect to you or the Services.

5. Issue severity level

Potential Issues will be divided into four severity levels.

Issues are classified into four (4) different Issue severity levels based on the level of urgency, as described in the table below. We have the right to, at our sole discretion, determine what severity level an identified Issue shall be classified into. - If and to the extent it is not possible for the Data Processor to provide all of the information at the same time, the information may be provided in several phases without undue delay.
- 4.4 If the Data Controller does not notify the Data Subjects of a Personal Data Breach, thereby failing to comply with Data Protection Regulations, and a competent supervisory authority subsequently orders the Data Processor to remedy such failure, the Data Controller shall compensate the Data Processor for any costs related to complying with such supervisory authority's decision.

5. **Audit (inspection)**

To ensure that we are in compliance with this Data Processing Addendum, you have the right to conduct audits.

- 5.1 The Data Processor shall make all information available to the Data Controller that is necessary to demonstrate compliance with the obligations set out in the Data Processing Addendum. The Data Controller, or any auditor mandated by the Data Controller, is entitled to conduct audits, including inspections, of the Data Processor's compliance with the Data Processing Addendum one time per year during normal business hours. Such audit shall be preceded by at least thirty (30) days' prior written notice from the Data Controller, in which the content and the extent of the audit shall be specified. The purpose of such audits

shall be to verify the Data Processor's compliance with the obligations set out in the Data Processing Addendum. The content and extent of an audit may not exceed what is necessary to achieve the purpose of the audit. Unless the parties have agreed otherwise in writing, the inspection may only be conducted if an audit in accordance with Data Protection Regulations cannot be completed through the provision of information by the Data Processor. Any costs relating to an audit shall be at the Data Controller's expense. The Data Processor's reasonable costs relating to such audit Data Processor may also be charged to the Data Controller.

- 5.2 An audit in accordance with Section 5.1 requires that the Data Controller, or the auditor appointed by the Data Controller, has agreed on necessary confidentiality undertakings and complies with the security measures of the Data Processor at the site where the audit shall be performed. Furthermore, the audit shall be carried out without unreasonably disturbing the Data Processor's business or risking the protection of third parties' information. Any information collected in connection with the audit shall be deleted immediately after the completion of the audit or as soon as the information is no longer required for achieving the purpose of the audit.

6. Sub-processors

We are allowed to get help to Process the Personal Data.

- 6.1 The Data Controller hereby provide the Data Processor with a general authorization to engage Sub-processors for the Processing of Personal Data.
- 6.2 The Data Processor shall inform the Data Controller of any plans to engage new Sub-processors or replace Sub-processors in order for the Data Controller to be able to object to such changes. The Data Controller shall object to such new or replaced Sub-processors within five (5) business days from the day of the Data Processor's notice concerning the new or replaced Sub-processor. The Data Controller shall not object to engagement of new Sub-processors or replacement of Sub-processors, if the new Sub-processor has sufficiently undertaken to implement technical and organizational security measures in compliance with Data Protection Regulations and ensures the safeguarding of Data Subjects' rights. If the Data Controller has not objected to the new or replaced Sub-processor within the timeframe, the Data Controller shall be considered to have approved the Sub-processor. If the Data Controller objects to a new Sub-processor within the timeframe, the Data Processor shall be entitled to terminate the Service Terms to take effect immediately or as otherwise agreed between the parties.
- 6.3 If the Data Processor engages a Sub-processor for Processing Personal Data on behalf of the Data Controller, equivalent data protection obligations as set out in the Data Processing Addendum shall be imposed on that Sub-processor by way of a contract. The Data Processor shall at all times remain fully responsible for all obligations, acts and omissions of any Sub-processor to the same extent as if performed or not performed by the Data Processor itself.

7. Processing of Personal Data in countries outside of the EU/EEA

Any Processing outside the EU/EEA must in accordance with the law.

- 7.1 Unless otherwise agreed to in Schedule 1, the Data Processor shall not transfer and shall ensure that any Sub-processors do not transfer, any Personal Data to a country outside of the EU/EEA.
- 7.2 If the Parties have agreed that Personal Data may be transferred to a country outside of the EU/EEA, the Data Processor shall ensure that appropriate safeguards are provided in accordance with applicable Data Protection Regulations. Such appropriate safeguards may include, but are not limited to, the Data Processor (i) entering into a contract with a Sub-processor based upon the EU Commission's standard contractual clauses (SCC) for the transfer of Personal Data to a country outside the EU/EEA; or (ii) adhering to approved binding corporate rules (BCR). A transfer of Personal Data to a country outside the EU/EEA may also be based upon a valid adequacy decision by the EU Commission.
- 7.3 The Data Processor may transfer Personal Data outside of the EU/EEA if the Data Processor has an obligation to do so under EU law or the laws of its member states, and if the Data Processor has informed the Data Controller of the legal requirement before the transfer is made, unless such laws prohibit such information on important grounds of public interest.
- 7.4 To the extent the Data Controller is a recipient of Personal Data in a country outside of EU/EEA that is not recognized as providing an adequate level of protection for Personal Data (as set forth in the General Data Protection Regulation), the Data Controller and the Data Processor agree to abide by and process Personal Data in compliance with Schedule 2 (Standard Contractual Clauses). In case of conflict between any provisions of this Data Processing Addendum and Schedule 2, Schedule 2 shall take precedence.

8. Confidentiality

Both parties promise to keep the Processing of Personal Data confidential.

The Data Processor undertakes not to disclose any information regarding the Processing of Personal Data under the Data Processing Addendum to any third parties or in any other way disclose any other information received as a result of the Data Processing Addendum. The obligation of confidentiality does not apply to information to sub-processors according to Section 6 and/or information that the Data Processor is obliged to disclose according to EU Regulations (including the laws of its member states) or decisions of authorities. In addition to this Section 8, any undertakings as to confidentiality in the Service Terms shall also be applicable. When the Data Processing Addendum terminates, regardless of reason, this Section 8 will continue to be binding for both parties.

9. Liability

Our liability is the same as in the Service Terms, but any limitation of liability in this Data Processing Addendum does not apply to administrative fines imposed by the supervisory authority.

- 9.1 The Data Processor is responsible for direct damage resulting from the Data Processor's Processing of Personal Data outside of the scope of or in violation of the Data Controller's lawful instructions in the Data Processing Addendum. Nevertheless, the Data Controller is responsible for all direct or indirect damage caused by Processing of Personal Data under the Data Processing Addendum and in accordance with Schedule 1 that is in breach with Data Protection Regulations. To the extent permitted by applicable laws, the Data Processor's total liability for any damage or loss of any kind (regardless of how it was caused and including any damage or loss caused by negligence) under or in connection with the Data Processing Addendum shall be subject to the limitation of liability in the Service Terms.
- 9.2 Notwithstanding the above, the Data Controller shall hold the Data Processor harmless if and to the extent the Data Processor is held liable by a Data Subject or other third party (including claims from supervisory authorities) for unauthorized or unlawful Processing of Personal Data, unless such liability has arisen as a consequence of the Data Processor's failure to perform its obligations under the Data Processing Addendum. The Data Controller shall also hold the Data Processor harmless if and to the extent the Data Processor is held liable by a Data Subject or other third party for unauthorized or unlawful Processing of Personal Data if such liability has arisen from the Data Controller's instructions in Schedule 1.
- 9.3 The limitation of the parties' liability in this Section 9 above does not apply to the administrative fines imposed by the supervisory authority and/or court in accordance with Article 83 of the General Data Protection Regulation. Neither party is entitled to remuneration from the other party for any administrative fines that the party is obliged to pay according to a decision of the supervisory authority and/or court. The parties acknowledge and agree that the parties may become individually liable for administrative penalty fees in accordance with Article 83 of the General Data Protection Regulation.
- 9.4 This Section 9 **Error! Reference source not found.** shall survive the termination of the Data Processing Addendum, regardless of the reason for termination.

10. General Provisions

- 10.4 This Data Processing Addendum contains the entire agreement between the parties with respect to the subject matter hereof, and supersedes all previous and contemporaneous negotiations and understandings between the parties in relation thereto, whether written or oral. In case of any conflict between the Data Processing Addendum and any other agreement between the contracting parties, the Data Processing Addendum shall take precedence. However, the foregoing does not apply to subsequent agreements expressly stated to take precedence over the provisions set out in the Data Processing Addendum. In addition to the Data Processing Addendum, any relevant provisions in the Service Terms shall also be applicable to the Data Processor's Processing of Personal Data. In case of any conflict between the Service Terms and the Data Processing Addendum, the Data Processing Addendum shall take precedence with regard to the Processing of Personal Data.

11. **Governing Law and Dispute Resolution**

In the unlikely event the parties end up in a legal dispute, the parties agree to resolve it by arbitration subject to confidentiality.

- 11.1 This Data Processing Addendum shall be applied and interpreted in accordance with the laws of Sweden, excluding its conflict of laws principles providing for the application of the laws of any other jurisdiction.
- 11.2 Any dispute concerning the interpretation or application of the Data Processing Addendum shall be settled in accordance with the provisions on dispute resolution in the Service Terms.

- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

3. Third-party beneficiaries

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions: (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7; (ii) Clause 8.1 (b) and Clause 8.3(b); (iii) Clause 9 (omitted); (iv) Clause 12; (v) Clause 13 (omitted); (vi) Clause 15.1(c), (d) and (e); (vii) Clause 16(e); (viii) Clause 18.

- (c) The data importer shall refrain from any action that would prevent the data exporter from fulfilling its obligations under Regulation (EU) 2016/679, including in the context of sub-processing or as regards cooperation with competent supervisory authorities.
- (d) After the end of the provision of the processing services, the data exporter shall, at the choice of the data importer, delete all personal data processed on behalf of the data importer and certify to the data importer that it has done so, or return to the data importer all personal data processed on its behalf and delete existing copies.

8.2 **Security of processing**

- (a) The Parties shall implement appropriate technical and organisational measures to ensure the security of the data, including during transmission, and protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access (“**personal data breach**”). In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature of the personal data, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects, and in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner.
- (b) The data exporter shall assist the data importer in ensuring appropriate security of the data in accordance with paragraph (a). In case of a personal data breach concerning the personal data processed by the data exporter under these Clauses, the data exporter shall notify the data importer without undue delay after becoming aware of it and assist the data importer in addressing the breach.
- (c) The data exporter shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

8.3 **Documentation and compliance**

- (a) The Parties shall be able to demonstrate compliance with these Clauses.

13. Supervision

(Not applicable)

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

14. Local laws and practices affecting compliance with the Clauses

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safe-guard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
 - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved, and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
 - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
 - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the

laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).

- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g., technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

15. Obligations of the data importer in case of access by public authorities

15.1 Notification

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary, with the help of the data exporter) if it:
 - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
 - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested,

requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).

- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

16. Non-compliance with the Clauses and termination

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).

- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
 - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
 - (ii) the data importer is in substantial or persistent breach of these Clauses; or
 - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data collected by the data exporter in the EU that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall immediately be deleted in its entirety, including any copy thereof. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

17. Governing law

These Clauses shall be governed by the law as specified in the Service Terms.

18. Choice of forum and jurisdiction

Any dispute arising from these Clauses shall be resolved as specified in the Service Terms.
